

## Professional Summary

With a background in both curriculum development and web development, I design engaging learning experiences that integrate computer science, robotics, and digital media. My work spans curriculum creation for grades 1-8, blending STEAM education with hands-on, project-based learning. I am passionate about making technology accessible, fostering problem-solving skills, and preparing students for a rapidly evolving digital world through innovative and inclusive educational practices.

## Education

### Associate of Arts

Academy of Art University, San Francisco, CA

*Web Design & New Media* | Spring 2017

### Bachelor of Fine Arts

Academy of Art University, San Francisco, CA

*Art Education* | Fall 2023

## Core Competencies

- ✓ Curriculum design and instruction for computer science, robotics, and digital media, tailored for grades 1-8
- ✓ Project-based and inquiry-driven learning approaches that encourage creativity and problem-solving
- ✓ STEAM integration, blending science, technology, engineering, art, and math into engaging lessons
- ✓ Digital accessibility and inclusive teaching practices for diverse learners
- ✓ Advisory experience, supporting student growth in both academic and social-emotional development
- ✓ Professional development and training for educators on technology integration and digital literacy

## Professional Experience

### Consultant & Educator - Creative Technology & Computer Science

March 2023 - Present | Santa Monica, CA

- ✓ Designed and implemented computer science curricula for middle school students, integrating coding, computational thinking, and ethical technology use.
- ✓ Developed engaging, project-based lessons utilizing JavaScript, HTML/CSS, Scratch, and P5.js.
- ✓ Collaborated with educators to align computer science instruction with broader interdisciplinary goals.
- ✓ Provided consultation for private schools' technology and art curriculum, ensuring progressive, student-centered pedagogy.

### Art & Technology Educator

March 2023 - Present | Redondo Beach, CA

- ✓ Designed and led art and digital media courses that encouraged creativity, problem-solving, and expression. computational thinking, and ethical technology use.
- ✓ Developed inclusive lesson plans that supported diverse learners, including students with disabilities.
- ✓ Awarded the Disability Inclusion in Art Education Award (Torrance, CA, 2023) for commitment to accessible and inclusive art education.

## Technical Experience

### Web Developer & Digital Specialist

Freelance & Contract | January 2017 - Present

- ✓ Designed and developed responsive websites and custom web applications for clients across various industries.
- ✓ Worked with web technologies including HTML, CSS, JavaScript, and WordPress to build and optimize digital solutions.
- ✓ Modified and customized existing CMS themes and plugins to improve functionality, security, and performance
- ✓ Built CMS solutions from scratch when project requirements called for custom development.
- ✓ Integrated APIs and optimized website infrastructure for improved scalability and performance.
- ✓ Provided IT support and troubleshooting for both web and general technical issues, including website maintenance, network setup, and cloud storage management.

### Web Developer & Tech Support

Demand Boost | March 2020 - April 2021

- ✓ Maintained and updated corporate websites, integrating APIs to enhance site functionality and user experience.
- ✓ Conducted troubleshooting and technical issue resolution, reducing downtime and improving system reliability.
- ✓ Collaborated with marketing and design teams to create visually engaging and accessible web pages.
- ✓ Developed digital workflows and automation tools, increasing team productivity by 15%.

## Technical Skills

- ✓ **Programming & Web Technologies:** HTML, CSS, JavaScript, P5.js, Scratch, React.js, PHP
- ✓ **Content & Digital Learning Platforms:** WordPress, Adobe Creative Suite, LMS Platforms
- ✓ **IT Support & Cloud Infrastructure:** AWS (Lightsail, Route 53, S3), Google Cloud, API Integrations
- ✓ **CMS & Database Management:** WordPress, MySQL, Joomla, Adobe Experience Manager
- ✓ **Networking & Security:** Website Security, Troubleshooting, Digital Accessibility Standards
- ✓ Educational Technology & Curriculum Development
- ✓ **Collaborative Learning Tools:** Trello, Slack, Zoom, Discord

## Leadership & Contributions

### Consultant & Curriculum Developer – Wildwood School (2024-Present)

- ✓ Designed the roadmap and sample units for the middle school computer science program, aligning it with Wildwood's Independent Student Research and Development program. Developed curriculum focused on foundational computing, programming, and problem-solving to support inquiry-based learning.

### Student Representative – Art Education, Academy of Art University (2021-2022)

- ✓ Represented the Art Education department, contributing to curriculum discussions and student advocacy.

### Disability Inclusion in Art Education Award – City of Torrance (2023)

- ✓ Recognized for contributions to inclusive and accessible art instruction.
